

COMTEK

AIR-COOLED COMPRESSORS

“NEWTEK” SERIES

Air compressors with new oil-free technology generation

Why oil-free?

The absence of oily contaminants ensures no risk so choosing an **Oil-less NEWTEK Air-Cooled Compressor**

means choosing a last generation system that produces reliable clean air, it is cheap and has no effect on profits.

The quality of air is essential for many applications, where even the smallest droplet of oil can damage the product and damage production equipment.

Pure air 100% guaranteed, to always get the best quality.

Low maintenance: **Comtek NEWTEK Oil-less compressors** are built to last and are not only exceptionally sturdy, but also extraordinarily simple, whereby the maintenance is easy.

Cutting Edge Technology

- Low temperature of the compressed air
- Particularly robust structure

Typical Applications

- Aerospace Industry
- Automotive industry
- Production of beverages
- Distillation
- Chemical Industry
- Food Industry
- Health facilities
- Laboratories
- Production of electronic equipment
- Medical sector in general

Compressors Oil less air-cooled series
